Joint UPJ Masorti Australia Media Release

On 27 May 2020, Australia marks the third anniversary of the Uluru Statement from the Heart, a statement endorsed by a gathering of 250 Aboriginal and Torres Strait Islander leaders following a four-day First Nations National Constitutional Convention held at Uluru, which in turn followed a consultation process that was unprecedented in Australian history. Its vision and direction warrant the support of all Australians.

As the leaders of the Progressive and Masorti (Conservative) streams of Jewish practice in Australia, we add that the moral call from Uluru once heeded will contribute to healing and social justice consonant with the Jewish commitment to Tikkun Olam.

We stand together with our indigenous brothers and sisters on this important anniversary.
